Important Information Regarding Availability of Coverage *(GR-9N-02-005-01 CA)*

No services are covered under this *Booklet-Certificate* in the absence of payment of current premiums subject to the *Grace Period* and the *Premium* section of the *Group Insurance Policy*.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this *Booklet-Certificate* or under the terms of the *Group Insurance Policy*, the plan does not pay benefits for a loss, disability, or expense for a health care service or supply incurred before coverage starts or after it ends.

This applies even if the loss, disability, or expense was incurred because of an accident that occurred, began or existed while coverage was in effect. Please refer to the sections, "*Termination of Coverage (Extension of Benefits)*" and "*Continuation of Coverage*" for more details about these provisions.

Benefits may be modified during the term of this plan as specifically provided under the terms of the *Group Insurance Policy* or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply for services or supplies furnished on or after the effective date of the modification. There is no vested right to receive the benefits of the *Group Insurance Policy* or this *Booklet-Certificate*.

Coverage for You and Your Dependents *(GR-9N-02-020-01 CA)*

Health Expense Coverage *(GR-9N-02-020-01 CA)*

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is "incurred" on the day you receive a health care service or supply. This plan provides coverage for the following:

- Dental Plan

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet-Certificate* for more information about your coverage.

Treatment Outcomes of Covered Services *(GR-9N-02-020-01 CA)*

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

(GR-9N-29-005-02-CA)

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, "you" means the employee.

Who Can Be Covered

Your employer determines the criteria that are used to define the eligible class for coverage under this plan. Such criteria are based solely upon the conditions related to your employment. **Aetna** will rely upon the representation of the employer as to your eligibility for coverage under this plan and as to any fact concerning such eligibility.

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an eligible class, as defined below;
- You have reached your eligibility date; and
- You have completed any waiting period or probationary period required by the employer.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a regular full-time or part-time employee, as defined by your employer.

Probationary Period

Once you enter an eligible class, you will need to complete a probationary period, as defined by your employer, before your coverage under this plan begins.

Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, and you had previously satisfied the plan's probationary period, your coverage eligibility date is the effective date of this plan. If you are in an eligible class on the effective date of this plan, but you have not yet satisfied the plan's probationary period, your coverage eligibility date is the date you complete the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your eligibility date is the date you enter the eligible class.

After the Effective Date of the Plan

If you are in an eligible class on the date of hire, your eligibility date is the date you complete the probationary period.

If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you complete the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents *(GR-9N-29-010-01 CA)*

Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; or
- Your domestic partner who meets the rules set by your employer as outlined in the *Coverage for Domestic Partners* section following; and
- Your dependent children; and
- Dependent children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.

Coverage for Domestic Partner *(GR-9N-29-010-01 CA)*

To be eligible for coverage, you and your domestic partner will need to:

- meet the requirements under California law for entering into a domestic partnership; and
- have jointly executed and filed a Declaration of Domestic Partnership with the Secretary of State; or
- have completed and signed a "Declaration of Domestic Partnership" which is acceptable to your Employer; and
- are "domestic partners" as determined in accordance with rules set by your Employer.

Coverage for Dependent Children *(GR-9N-29-010ng-08 CA)*

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Children under the age of 18 who are placed with you for adoption;
- Any physically or mentally disabled child, regardless of age, whose coverage was continued under your former plan of insurance that was in effect on the day before the effective date of this coverage; and
- Any other child who lives with you in a parent-child relationship.

Coverage for a physically or mentally disabled child may be continued past the age limits shown above. See *Physically or Mentally Disabled Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When To Enroll *(GR-9N 29-015 01 CA)*

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period.

When Your Coverage Begins *(GR-9N-29-025-04)*

Your Effective Date of Coverage

Your coverage takes effect on the later of:

- The date you are eligible for coverage; or
- The date you return your completed enrollment information; and
- The first day of the pay period following the pay period in which a deduction occurs.

If you do not return your completed enrollment information within 31 days of your eligibility date, the rules under *Rules and Limits That Apply to the Dental Plan* section will apply.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan by then.

Note: New dependents need to be reported to **Aetna** within 31 days because they may affect your contributions.

Requirements For Coverage *(GR-9N-09-005-01 CA)*

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:

   - Be included as a covered expense in this Booklet-Certificate;
   - Not be an excluded expense under this Booklet-Certificate. Refer to the *Exclusions* sections of this Booklet-Certificate for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet-Certificate. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet-Certificate.

2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.

3. The service or supply must be **medically necessary**. To meet this requirement, the dental service or supply must be provided by a **physician**, or other health care provider or **dental provider**, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness**, **injury**, disease or its symptoms. The provision of the service or supply must be:

   (a) In accordance with generally accepted standards of dental practice;
   (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness**, **injury** or disease; and
   (c) Not primarily for the convenience of the patient, **physician** or **dental provider** or other health care provider;
   (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness**, **injury**, or disease.

For these purposes "generally accepted standards of dental practice" means standards that are based on credible scientific evidence published in peer-reviewed dental literature generally recognized by the relevant dental community, or otherwise consistent with **physician** or dental specialty society recommendations and the views of **physicians** or **dentists** practicing in relevant clinical areas and any other relevant factors.

Important Note

- Not every service or supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain dental services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

How Your Aetna Dental Plan Works

(GR-9N 16-005-01)

Understanding Your Aetna Dental Plan

It is important that you have the information and useful resources to help you get the most out of your **Aetna** dental plan. This Booklet-Certificate explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What services and supplies are covered and what limits may apply;
- What services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage and general administration of the plan.

Important Notes:
Unless otherwise indicated, "you" refers to you and your covered dependents. You can refer to the Eligibility section for a complete definition of "you".

This Booklet-Certificate applies to coverage only and does not restrict your ability to receive covered expenses that are not or might not be **covered expenses** under this dental plan.

Store this Booklet-Certificate in a safe place for future reference.

Getting Started: Common Terms *(GR-9N 16-010-01)*

Many terms throughout this Booklet-Certificate are defined in the *Glossary* Section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About the PPO Dental Plan *(GR-9N S 16-025-01)*

The plan is a Preferred **Provider** Organization (PPO) that covers a wide range of dental services and supplies. You can visit the **dental provider** of your choice when you need dental care.

You can choose a **dental provider** who is in the dental network. You may pay less out of your own pocket when you choose a **network provider**.

You have the freedom to choose a **dental provider** who is not in the dental network. You may pay more if you choose an **out-of-network provider**.

The *Schedule of Benefits* shows you how the plan's level of coverage is different for **network services and supplies** and **out-of-network services and supplies**.

The Choice Is Yours
You have a choice each time you need dental care:

Using Network Providers
- Your out-of-pocket expenses will be lower when your care is provided by a **network provider**.
- The plan begins to pay benefits after you satisfy a **deductible**.
- You share the cost of covered services and supplies by paying a portion of certain expenses (your **coinsurance**). **Network provider**s have agreed to provide covered services and supplies at a **negotiated charge**. Your **coinsurance** is based on the **negotiated charge**. In no event will you have to pay any amounts above the **negotiated charge** for a covered service or supply. You have no further out-of-pocket expenses when the plan covers in network services at 100%.
- You will not have to submit dental claims for treatment received from **network providers**. Your **network provider** will take care of claim submission. You will be responsible for **deductibles, coinsurance** and **copayments**, if any.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayment, coinsurance** or other non-**covered expenses** you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Availability of Providers
Aetna cannot guarantee the availability or continued participation of a particular **provider**. Either **Aetna** or any **network provider** may terminate the provider contract or limit the number of patients accepted in a practice.

Using Out-of-Network Providers
You can obtain dental care from **dental providers** who are not in the network. The plan covers **out-of-network services and supplies**, but your expenses will generally be higher.

You must satisfy a **deductible** before the plan begins to pay benefits.

You share the cost of covered services and supplies by paying a portion of certain expenses (your **coinsurance**).

If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. The **recognized charge** is the maximum amount **Aetna** will pay for a covered expense from an **out-of-network provider**.

You must file a claim to receive reimbursement from the plan.

Important Reminder
Refer to the *Schedule of Benefits* for details about any applicable **deductibles**, **copayments**, **coinsurance** and maximum benefit limits.

Getting an Advance Claim Review *(GR-9N S 16-035-01)*

The purpose of the advance claim review is to determine, in advance, the benefits the plan will pay for proposed services. Knowing ahead of time which services are covered by the plan, and the benefit amount payable, helps you and your **dentist** make informed decisions about the care you are considering.

Important Note
The pre-treatment review process is not a guarantee of benefit payment, but rather an estimate of the amount or scope of benefits to be paid.

When to Get an Advance Claim Review

An advance claim review is recommended whenever a course of dental treatment is likely to cost more than $200. Ask your **dentist** to write down a full description of the treatment you need, using either an **Aetna** claim form or an ADA approved claim form. Then, before actually treating you, your **dentist** should send the form to **Aetna**. **Aetna** may request supporting x-rays and other diagnostic records. Once all of the information has been gathered, **Aetna** will review the proposed treatment plan and provide you and your **dentist** with a statement outlining the benefits payable by the plan. You and your **dentist** can then decide how to proceed.

The advance claim review is voluntary. It is a service that provides you with information that you and your **dentist** can consider when deciding on a course of treatment. It is not necessary for emergency treatment or routine care such as cleaning teeth or check-ups.

In determining the amount of benefits payable, **Aetna** will take into account alternate procedures, services, or courses of treatment for the dental condition in question in order to accomplish the anticipated result. (See *Benefits When Alternate Procedures Are Available* for more information on alternate dental procedures.)

What is a Course of Dental Treatment?

A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more **dentists** to treat a dental condition that was diagnosed by the attending **dentist** as a result of an oral examination. A course of treatment starts on the date your **dentist** first renders a service to correct or treat the diagnosed dental condition.

What The Plan Covers *(GR-9N 18-005-01)*

PPO Dental Plan

Schedule of Benefits for the PPO Dental Plan

PPO Dental is merely a name of the benefits in this section. The plan does not pay a benefit for all dental care expenses you incur.

Important Reminder

Your dental services and supplies must meet the following rules to be covered by the plan:

- The services and supplies must be **medically necessary**.
- The services and supplies must be covered by the plan.
- You must be covered by the plan when you incur the expense.

Covered expenses include charges made by a **dentist** for the services and supplies that are listed in the dental care schedule.

The next sentence applies if:

- A charge is made for an unlisted service given for the dental care of a specific condition; and
- The list includes one of more services that, under standard practices, are separately suitable for the dental care of that condition.

In that case, the charge will be considered to have been made for a service in the list that **Aetna** determines would have produced a professionally acceptable result.

Rules and Limits That Apply to the Dental Plan *(GR-9N 20-005-01)*

Several rules apply to the dental plan. Following these rules will help you use the plan to your advantage by avoiding expenses that are not covered by the plan.

Replacement Rule *(GR-9N S20-010-01)*

Crowns, inlays, onlays, complete dentures, removable partial dentures, fixed partial dentures (bridges) and other prosthetic services are subject to the plan's replacement rule. That means certain replacements of, or additions to, existing crowns, inlays, onlays, dentures or bridges are covered only when you give proof to **Aetna** that:

- While you were covered by the plan, you had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay and onlay, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 10 years before its replacement and cannot be made serviceable.
- You had a tooth (or teeth) extracted while you were covered by the plan. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

Tooth Missing but Not Replaced Rule

The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic services are needed to replace one or more natural teeth that were removed while you were covered by the plan; and
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 10 years. The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Alternate Treatment Rule *(GR-9N-20-015-01)*

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results. When alternate services or supplies can be used, the plan's coverage will be limited to the cost of the least expensive service or supply that is:

- Customarily used nationwide for treatment, and
- Deemed by the dental profession to be appropriate for treatment of the condition in question. The service or supply must meet broadly accepted standards of dental practice, taking into account your current oral condition.

You should review the differences in the cost of alternate treatment with your **dental provider**. Of course, you and your **dental provider** can still choose the more costly treatment method. You are responsible for any charges in excess of what the plan will cover.

Coverage for Dental Work Begun Before You Are Covered by the Plan *(GR-9N 20-020-01)*

The plan does not cover dental work that began before you were covered by the plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the plan;
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the plan; or
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the plan.

Coverage for Dental Work Completed After Termination of Coverage

Your dental coverage may end while you or your covered dependent is in the middle of treatment. The plan does not cover dental services that are given after your coverage terminates. There is an exception. The plan will cover the following services if they are ordered while you were covered by the plan, and installed within 30 days after your coverage ends.

- Inlays;
- Onlays;
- Crowns;
- Removable bridges;
- Cast or processed restorations;
- Dentures;
- Fixed partial dentures (bridges); and
- Root canals.

"Ordered" means:

- For a denture: the impressions from which the denture will be made were taken.
- For a root canal: the pulp chamber was opened.
- For any other item: the teeth which will serve as retainers or supports, or the teeth which are being restored:
  - Must have been fully prepared to receive the item; and
  - Impressions have been taken from which the item will be prepared.

Late Entrant Rule *(GR-9N 20-025-01)*

The plan does not cover services and supplies given to a person age 5 or more if that person did not enroll in the plan:

- During the first 31 days the person is eligible for this coverage, or
- During any period of open enrollment agreed to by the Policyholder and **Aetna**.

This exclusion does not apply to charges incurred:

- After the person has been covered by the plan for 12 months, or
- As a result of **injuries** sustained while covered by the plan, or
- For services listed as Visits and X-rays, Visits and Exams, and X-ray and Pathology in the Dental Care Schedule.

Waiting period *(GR-9N 20-035-01)*

The plan has a waiting period for Type B and Type C Services. With respect to Type B Services, your coverage will take effect after 3 months of continuous coverage under the Plan. With respect to Type C Services, your coverage will take effect after 12 months of continuous coverage under the Plan.

What The Comprehensive Dental Plan Does Not Cover *(GR-9N-28-025-01 CA)*

Not every dental care service or supply is covered by the plan, even if prescribed, recommended, or approved by your **physician** or **dentist**. The plan covers only those services and supplies that are included in the *What the Plan Covers* section. Charges made for the following are not covered. In addition, some services are specifically limited or excluded. This section describes expenses that are not covered or subject to special limitations.

These dental exclusions are in addition to the exclusions that apply to health coverage.

Any instruction for diet, plaque control and oral hygiene.

When Coverage Ends *(GR-9N-30-015-04)*

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees *(GR-9N-30-005-01 CA)*

Your coverage under the plan will end if:

- The plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your medical plan, if your plan contains such a maximum benefit; or

- Your employment stops. This will be either the date you stop active work, or the day before the first premium due date that occurs after you stop active work. However, if premium payments are made on your behalf, your coverage may continue until stopped by your employer as described below:
  - If you are not at work due to **illness** or **injury**, your coverage may continue to a period of 30 months from the start of your absence.
  - If you are not at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day of active work before the start of the lay-off or leave of absence.

It is your employer's responsibility to let **Aetna** know when your employment ends. The limits above may be extended only if **Aetna** and your employer agree, in writing, to extend them.

Aetna will notify your employer in writing of the cancellation of your group medical policy at least 30 days prior to the effective date of the termination. It is your employer's responsibility to promptly mail a copy of the notice of cancellation to you along with information regarding your conversion rights upon termination of the policy.

Reinstatement After Your Dental Coverage Terminates *(GR-9N-30-005-01 CA)*

If your coverage ends because your contributions are not paid when due, you may not be covered again for a period of two years from the date your coverage ends. If you are in an eligible class, you may re-enroll yourself and your eligible dependents at the end of such two-year period. Your dental coverage will be subject to the rules under the Late Enrollment section, and will be effective as described in the *Effective Date of Coverage* section.

When Coverage Ends for Dependents *(GR-9N 30-015 05 CA)*

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make the required contribution toward the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees (other than exhaustion of your overall maximum lifetime benefit, if included);
- Your dependent is no longer eligible for coverage. In this case, coverage ends at the end of the calendar month when your dependent no longer meets the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for comparable benefits under this or any other group plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage may also continue for a dependent child who:

- Remains physically and mentally disabled after reaching the limiting age.
- Takes a medical leave of absence from a secondary or post-secondary educational institution.

See *Continuation of Coverage* for more information.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership. In that event, you should provide your Employer with a completed and signed Declaration of Termination of Domestic Partnership.

Continuation of Coverage *(GR-9N-31-015-05)*

Medical Leave of Absence from School *(GR-9N-31-015-04 CA)*

Health Coverage for your dependent child who takes a medical leave of absence from a secondary or post-secondary educational institution may be continued if the child does *not* meet the requirements described in the preceding *Physically or Mentally Disabled Dependent Children* provision.

In addition, the child must be:

- Over 18 years of age; and
- Enrolled as a full-time student.

The medical leave of absence will begin on the earlier of:

- The first day of the medical leave of absence from school; or
- The date the physician determines the illness prevented the dependent child from attending school.

Any break in the school calendar shall not disqualify the dependent child from coverage under this section.

Documented or certified proof as to the medical necessity for the leave of absence from school must be submitted to Aetna no later than:

- 30 days *prior* to the medical leave of absence from the school, if the medical reason for the absence and the absence are foreseeable; or
- 30 days *after* the start date of the medical leave of absence from school.

Your dependent student's coverage will end under this section when the first of the following occurs:

- Twelve (12) months from the date the medical leave of absence began;
- He or she no longer meets the plan's definition of "dependent";
- Dependent coverage is discontinued under the group contract;
- He or she becomes eligible for comparable benefits under this or any other group insurance policy; or
- Any required contributions toward your or your dependent's coverage stops.

Physically or Mentally Disabled Dependent Children *(GR-9N-31-015-03-CA)*

Health Expense Coverage for your physically or mentally dependent child may be continued past the maximum age for a dependent child. However, Health Expense Coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is physically or mentally disabled if:

- He or she is not able to earn his or her own living because of a physical or mentally disabling injury, illness, or condition which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- He or she depends chiefly on you for support and maintenance.

Proof that your child has a physical or mentally disabling injury, illness, or condition must be submitted to Aetna no later than 90 days from the date you receive a written notice from Aetna that your child is approaching the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the physical or mentally disabling injury, illness, or condition.
- Failure to give proof that the physical or mentally disabling injury, illness, or condition continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to:

- Require proof of the continuation of the physical or mentally disabling injury, illness, or condition; and
- Examine your child at its own expense, while the physical or mentally disabling injury, illness, or condition continues; but not more frequently than once each year after the two-year period following the date your child reached the maximum age under your plan.

Continuation of Coverage Under California Law After COBRA Coverage is Exhausted *(GR-9N-31-025-01 CA)*

In accordance with California law, if you continued Health Expense Coverage under this Plan in accordance with federal law (PL 99-272-COBRA) for the maximum period for which such continuation is available to you, and if such maximum period is less than 36 months, you may, prior to the date coverage continuation under COBRA terminates, elect to further continue the same Health Expense Coverage for up to 36 months from the date your COBRA continuation of coverage began.

The election must include an agreement to pay premiums. The premiums may be up to 110% of the cost of the Plan (up to 150% if you are disabled pursuant to Title II or Title XVI of the Social Security Act). Premium payments must be continued.

You must elect to continue coverage within 60 days of the later to occur of the date coverage would terminate and the date **Aetna** informs you of any rights under this section. Within 45 days of such election, you must send to **Aetna** the amount required by **Aetna** as the first premium payment.

Coverage will terminate on whichever of the following is the earliest to occur:

- 36 months after your COBRA continuation period began. However, if you have been determined to have been disabled under Title II or Title XVI of the Social Security Act at any time during the first 60 days of continuation coverage, you must provide notice to your Employer within 60 days of such determination and prior to the end of the 36 month continuation period. Coverage may only be continued if you are determined to be disabled.
- The date that the group contract discontinues in its entirety as to health expense coverage. However, continued coverage will be available to you under another plan sponsored by your Employer.
- The date any required contributions are not made.
- The first day after the date of the election that you are covered under another group health plan. However, continued coverage will not terminate under such time that you are no longer affected by a preexisting condition exclusion or limitation under such other group health plan.
- The date you become entitled to benefits under Medicare. This will not apply if contrary to the provisions of the Medicare Secondary Payer Rules or other federal law.
- The month that begins more than 31 days after the date of the final determination under Title II or Title XVI of the Social Security Act that you are no longer disabled.

The Conversion Privilege will be available when coverage is no longer available under this section.

Extension of Benefits *(GR-9N-31-020-01 CA)*

Coverage for Health Benefits

If your health benefits end while you are totally disabled, your health expenses will be extended as described below, but, with respect to medical benefits, only as to expenses incurred in connection with the **injury** or **illness** that caused the total disability. To find out why and when your coverage may end, please refer to *When Coverage Ends*.

"Totally disabled" means that because of an **injury** or **illness** you are not able to:

- Perform with reasonable continuity all of the material duties necessary to pursue your own occupation in the usual and customary way; or
- Engage with reasonable continuity in another occupation in which you could reasonably be expected to perform satisfactorily in light of your age, education, training, experience, station in life, physical and mental capacity.

Extended Health Coverage *(GR-9N-31-020-01 CA)*

Dental Benefits: Coverage will be available while you are totally disabled, for up to 12 months. Coverage will be available only if covered services and supplies have been rendered and received, including delivered and installed, prior to the end of that 12 month period.

When Extended Health Coverage Ends

Extension of benefits will end on the first to occur of the date:

- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)

COBRA Continuation of Coverage *(GR-9N-31-025-01 CA)*

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of premiums. Continuation rights are available following a "qualifying event" that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer's notice of this COBRA continuation right, if later.
- Agree to pay the required premiums.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled.

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the premiums after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events.

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Premium Payments for Continuation Coverage

Your premium payments are regulated by law, based on the following:

- For the 18 or 36 month periods, premiums may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, premiums for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional premiums for continuation are paid on a timely basis.

Important Note
For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required premiums.
- You or your covered dependents become covered under another group plan that does not restrict coverage for pre-existing conditions. If your new plan limits pre-existing condition coverage, the continuation coverage under this plan may remain in effect until the pre-existing clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Conversion from a Group to an Individual Plan

You may be eligible to apply for an individual health plan without providing proof of good health:

- At the termination of employment.
- When loss of coverage under the group plan occurs.
- When loss of dependent status occurs.
- At the end of the maximum health coverage continuation period.

The individual policy will not provide the same coverage as the former group plan offered by your employer. Certain benefits may not be available. You will be required to pay the associated premium costs for the coverage. For additional conversion information, contact your employer or call the toll-free number on your member ID card.

Coordination of Benefits - What Happens When There is More Than One Health Plan

(GR-9N-33-005-02)

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. "Plan" and "This plan" are defined herein.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable deductible, that is covered at least in part by any of the **Plan** covering the person. When a **Plan** provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the **Plans** is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **allowable expense**. The following are examples of expenses and services that are ***not*** **allowable expenses**:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an **allowable expense**. This does not apply if one of the **Plans** provides coverage for a private room.
2. If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of reasonable or **recognized charges**, any amount in excess of the highest of the reasonable or **recognized charges** for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an **allowable expense**.
4. The amount a benefit is reduced or not reimbursed by the **primary plan** because a covered person does not comply with the **Plan** provisions is not an **allowable expense**. Examples of these provisions are second surgical opinions, **precertification** of admissions, and preferred provider arrangements.
5. If all **plans** covering a person are high deductible **plans** and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible **plan's** deductible is not an **allowable expense**, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one **Plan** that computes its benefit payments on the basis of reasonable or **recognized charges** and another **Plan** that provides its benefits or services on the basis of **negotiated charges**, the **primary plan**'s payment arrangements shall be the allowable expense for all the **Plans**. However, if the **secondary plan** has a negotiated fee or payment amount different from the **primary plan** and if the provider contract permits, that negotiated fee will be the **allowable expense** used by the **secondary plan** to determine benefits.

When a **plan** provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an **allowable expense** and a benefit paid.

Plan. Any **Plan** providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee plans, labor organization plans, employer organization plans**,** or employee benefit organization plans;
- **Medicare** or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the **Plan** includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate **plans**. For example, Medical coverage will be coordinated with other Medical **plans**, and dental coverage will be coordinated with other dental **plans**.

This Plan is any part of the policy that provides benefits for health care expenses.

Which Plan Pays First *(GR-9N-33-010-01)*

This Plan does not coordinate benefits with any other plan. Therefore, this plan will always be the Primary Plan. A primary plan pays first without regard to the possibility that another plan may cover some expenses. If a covered person has health coverage under more than one Plan, that other coverage will be the secondary plan. A secondary plan pays after the primary plan. It may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

General Provisions *(GR-9N-32-005-02 CA)*

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this policy.

No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

Aetna will not try to reduce or deny a benefit payment on the grounds that a condition existed before your coverage went into effect, if the loss occurs more than 2 years from the date coverage commenced. This will not apply to conditions excluded from coverage on the date of the loss.

Confidentiality

Information contained in your medical records and information received from any **provider** incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by **Aetna** when necessary for your care or treatment, the operation of the plan and administration of this Booklet-Certificate, or other activities, as permitted by applicable law. You can obtain a copy of **Aetna**'s Notice of Information Practices by calling **Aetna**'s toll-free Member Service telephone.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. Additional provisions are described elsewhere in the *group policy*. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- Your employer hopes to continue the plan indefinitely but, as with all group plans, the plan may be changed or discontinued with respect to your coverage.

Assignments *(GR-9N-32-005-02 CA)*

Coverage may be assigned only with the written consent of **Aetna.** To the extent allowed by law, **Aetna** will not accept an assignment to a **provider** or facility including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach or alleged breach, of the terms of this group insurance policy.

Misstatements

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall, in the absence of fraud, be deemed representations and not warranties. No written statement made by you shall be used by **Aetna** in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna's failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

Incontestability

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you, an eligible employee or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

Recovery of Overpayments *(GR-9N-32-015-01 CA)*

Health Coverage

If a benefit payment is made by **Aetna**, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, **Aetna** has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery **Aetna** may have with respect to such overpayment.

Reporting of Claims *(GR-9N-32-020-01-CA)*

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Upon receipt of a notice of your claim, **Aetna** will furnish you with the claim forms you will need to complete and return to **Aetna.** If such forms are not furnished to you within 15 days after the giving of your notice of claim, you shall be deemed to have complied with the requirements as to proof of loss upon submitting, within the below referenced timeframe for filing proof of loss, written proof covering the occurrence, the character and the extent of the loss.

regarding an alleged breach of the policy terms by **Aetna**; or any matter within the scope of the Appeals Procedure.

Important Note:

There are limits, though, on what sends a claim or an **appeal** straight to an **Independent Medical Review/ External Review**. Your claim or internal **appeal** *will not* go straight to **Independent Medical Review/ External Review** if:

- a rule violation was minor and isn't likely to influence a decision or harm you;
- it was for a good cause or was beyond **Aetna's** control; and
- it was part of an ongoing, good faith exchange between you and **Aetna**.

Independent Medical Review/External Review *(GR-9N-32-051-01 CA)*

If you reside in the State of California:

Independent Medical Review

Once the **Aetna** internal coverage decision review process is exhausted, **you have the right to request** an **Independent Medical Review** in California if the coverage denial is based on lack of **medical necessity**, retrospective urgent or **emergency care** denials or on the **experimental or investigational** nature of the proposed or rendered service or treatment. A request for an **Independent Medical Review** must be submitted within 180 days from the date you receive your final determination letter.

An **Independent Medical Review Organization** will refer the case to review by a neutral, independent **physician** with appropriate expertise in the area in question. After all necessary information is submitted, the **Independent Medical Review** generally will be decided within 30 calendar days of the request. Expedited reviews are available when your **physician** certifies that a delay in service would jeopardize your health. Once the review is complete, **Aetna** will abide by the decision of the **Independent Medical Review Organization** reviewer.

For further details regarding **Aetna**'s grievance and **Independent Medical Review** process, you may call the Customer Service toll-free number on your ID card, or visit **Aetna's** website at www.aetna.com where you may obtain an external review request form.

Certain states mandate **external review** of additional benefit or service issues or require a filing fee. In addition, certain states mandate the use of their own **external review** providers for **medical necessity** and **experimental/investigational** coverage decisions. For further details regarding **Aetna**'s grievance and **external review** process, call the Customer Service toll-free number on your ID card, or visit **Aetna's** website at: www.aetna.com where you may obtain an external review request form. R *(GR-9N-34-090-05 CA)*

Recognized Charge
Only that part of a charge which is less than or equal to the **recognized charge** is a **covered benefit**. The **recognized charge** for a service or supply is the lowest of

- The provider's usual charge for furnishing it; and
- The charge **Aetna** determines to be appropriate, based on factors such as the cost of providing the same or a similar service or supply and the manner in which charges for the service or supply are made, billed or coded; or the charge **Aetna** determines to be the prevailing charge level made for it in the geographic area where it is furnished.

In determining the **recognized charge** for a service or supply that is:

- Unusual; or
- Not often provided in the geographic area; or
- Provided by only a small number of **providers** in the geographic area;

Aetna may take into account factors, such as:

- The complexity;
- The degree of skill needed;
- The type of specialty of the **provider**;
- The range of services or supplies provided by a facility; and
- The **recognized charge** in other geographic areas.

In some circumstances, **Aetna** may have an agreement with a provider (either directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply. In these instances, in spite of the methodology described above, the **recognized charge** is the rate established in such agreement.

As used above, the term "geographic area" means a Prevailing HealthCare Charges System (PHCS) expense area grouping. Expense areas are defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, PHCS never crosses state lines. This data is produced semi-annually. Current procedure codes that have been developed by the American Medical Association, the American Dental Association, and the Centers for Medicare and Medicaid Services are utilized.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to $ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
